**The amounts and sources of distributions reported in this 19(a) Notice are only estimates and not for tax reporting purposes. The actual amounts and sources of the amounts for tax reporting purposes will depend upon the Fund’s investment experience during the remainder of its fiscal year and may be subject to changes based on tax regulations. The Fund will send you a Form 1099-DIV for the calendar year that will tell you how to report these distributions for federal income tax purposes.**

Presented below are return figures, based on the change in the Fund’s Net Asset Value per share (“NAV”), compared to the annualized distribution rate for this current distribution as a percentage of the NAV on the last day of the month prior to distribution record date.

#### **Fund Performance & Distribution Information**

Fiscal Year to Date (11/01/2010 through 10/31/2011)	
Annualized Distribution Rate as a Percentage of NAV <sup>^</sup>	0.53%

Cumulative Distribution Rate on NAV <sup>^</sup>	0.53%
Cumulative Total Return on NAV*	8.92%
Average Annual Total Return on NAV for the 5 Year Period Ending 10/31/2011**	-1.80%

<sup>^</sup> Based on the Fund's NAV as of October 31, 2011. Note the table above shows cumulative distributions for the current fiscal year (ending 10/31/12), of \$0.125 per common share, as an annualized rate based on the 10/31/11 NAV. Had cumulative distributions for the previous fiscal year (ended 10/31/11), of \$1.45 per common share, been used the annualized rate would have been 6.12%.

\*Cumulative fiscal year-to-date return is based on the change in NAV (effect of dividends reinvested not included) for the period November 1, 2010, through October 31, 2011.

\*\*The 5 year average annual total return is based on change in NAV only (no dividends reinvested) and is through the last day of the month prior to the month of the current distribution record date.

While the NAV performance may be indicative of the Fund's investment performance, it does not measure the value of a shareholder's investment in the Fund. The value of a shareholder's investment in the Fund is determined by the Fund's market price, which is based on the supply and demand for the Fund's shares in the open market. **Shareholders should not draw any conclusions about the Fund's investment performance from the amount of this distribution or from the terms of the Fund's Managed Distribution Plan.**

Furthermore, the Board of Trustees reviews the amount of any potential distribution and the income, capital gain or capital available. The Board of Trustees will continue to monitor the Fund's distribution level, taking into consideration the Fund's net asset value and the financial market environment. The Fund's distribution policy is subject to modification by the Board of Trustees at any time. The distribution rate should not be considered the dividend yield or total return on an investment in the Fund.
